Wiggins Old Tavern

An Inn of Colonial Charm

at

Northampton, Massachusetts

Popular priced luncheons, dinners, afternoon teas, table d'hote and a la carte served in Wiggins Old Tavern which is annexed to and operated as a part of the Hotel Northampton.

In designing "Wiggins Old Tavern," which is annexed to Hotel Northampton, it was with the express purpose of offering greater entertainment to my guests. It has required careful study and research to construct faithfully an Early American Tavern, Ordinary or Inn. Every detail has been studied; effort and expense have not been spared to restore the atmosphere and appearance of an old tavern as it was in the days of our ancestors. The building is over one hundred years old and was used as an Inn until about thirty years ago. There are six Dining-Rooms; on the ground floor is the Ordinary, the Tap Room and the Kitchen, completely furnished with genuine Early American pieces that I have collected and restored for daily use. On the floor above is the Oak room, College room and Yankee room with many interesting antiques.

The hand-hewn beams in the ceiling of the "Ordinary" were left just as I found them after removing many layers of boards and plaster. The walls in the "Ordinary" and "Tap Room" are covered with old paneling, boards and doors which were taken from old houses. The "Kitchen" ceiling timbers were taken from a very old house in Northampton. In this room is an extensive assortment of furnishings such as were used in the daily domestic life of our ancestors. The Fireplaces are reproductions of early ones and are built with stone and handmade bricks taken from old fireplaces near Northampton.

In the Tavern Court Yard is the Old General Store built, furnished, and stocked as a store might have been before 1860. In the attic is the Loom Room filled with rare spinning wheels and old looms working again as they were in early days. In the basement is a large collection of churns, cheese pressers, early utensils, etc. Also in the Court Yard is the Pioneer Log Cabin, completely furnished. Beyond the Log Cabin is the Old Wagon and Tool Shed filled with early tools, farming implements, and old Vehicles.
