Tea Selections

China Teas

Willard Afternoon Tea, our aromatic blend of highest quality Keemun, Formosa Oolong and Jasmine teas, with a delicate fruity flavor. From formulas originally favored by the Mandarin Aristocracy.

Formosa Oolong, sparkling and delicate with a slightly peachy flavor. A unique large leaf tea.

English Breakfast, a straight China black tea giving a full bodied liqueur.

Indian and Ceylon Teas

Orange Pekoe, selected small leaf Ceylon.

Darjeeling, from the foothills of the Himalayas, a fine tea, puckery but light with an incredibly flowery bouquet.

Scented Teas

Earl Grey, a traditional blend from long leaf China and Assam, scented with citrus oil of Bergamot. Originally created by the Chinese for the Second Earl Gray.

Lapsang Souchong, a large leaf China with a full smokey aroma.

Jasmine, invented 800 year ago under the Sung Dynasty, a China tea steamed with jasmine blossoms. Naturally lower in caffeine.

Hot Cinnamon Spice Tea, with orange rind and clove flavoring.

Chamomile Herb Tea, no caffeine.
