The Juilleret Heritage

We at Juilleret's are now in our fourth generation. Today's Juilleret's (pronounced jew-ler-rets) is much different than the business that began in 1895, when L.E. Juilleret, Sr. and his grandfather Joseph A. started a boat livery and ice cream parlor. The first ice cream counter was made of wood planks across two sawhorses.

Although their boat livery was popular, the ice cream and restaurant business is what Juilleret's decided to expand. By the 1920's, Juilleret's had completed their expansion. It was during the 20's that Juilleret's had big bands playing nightly. The Tunsters played at Juilleret's from 1921-1930. It was during this time that famous composer Ange Lorenzo wrote and played the famous tune "Sleepy Time Gal", for the first time, at Juilleret's. The original songsheet is still on display here at Juilleret's.

When prohibition ended, Juilleret's established their now famous restaurant. In 1975, Jim Juilleret bought out his father Joseph A. Juilleret to make Juilleret's in its fourth generation. Since that time, Juilleret's has been given the distinction of best Whitefish in the world (July, 1983, People Magazine), also recognized in such publications as the Detroit Free Press; Jean and Michael Stern's book, Good Food; and in the August, 1983, issue of Food & Wine.

We also have been noted for our homemade ice cream. Juilleret's is proud to be the oldest business in Harbor Springs.

Planked Whitefish pictured above.
