

ELISHA'S

Elisha Towne

built the house in 1770. The original house is still standing and was completely renovated by Mr. and Mrs. Sullivan around 1960. The walls were opened and Indian shutters were found. Most of the original wainscotting is in the house and old spice boxes remain in the upper corners. We left the original structure of the barn but added an addition to the back.

The windows on the first floor are from an old 1910 Maine Central Railroad car which was used for the president of the R.R. We came across the car in Kennebunkport, Maine.

ELISHA BURGERS

All Burgers are Char-Broiled Choice Ground Beef and are all $\frac{1}{2}$ lb. with exception of $\frac{1}{4}$ lb. Jr.
