Sometimes It Takes A Saw... Sometimes Money Is The Tool

The clear-thinking citizens who laid America's foundations habitually built for the years ahead. And nowhere was this more apparent than among the solid pioneers of New England.

Craftsmen by heritage—instinctively thrifty—they knew the worth of the right tool for the right job. Just as the saw was put to full use, so money, too, was judiciously used as a tool to spur growth.

For 115 years, the National Shawmut Bank has been one of New England's prime sources for this vital financial aid... helping industry to build soundly—assisting in the growth and expansion of business in every field. Today, this bank is a potent factor in the progressive plans of businessmen the country over.

Nineteen of America's top 25 corporations are Shawmut customers. So are nearly 10,000 New England businesses of every size and category. And over a million individual customers have found here the strength, safety, convenience and accommodation they need to build soundly for the future.

You, too, will find these same advantages at Shawmut. We welcome your special problems here.

WHAT TO DO IN NEW YORK

Showtime is in full swing on Broadway. Musicals such as the long running Rodgers and Hammerstein hits South Pacific and The King and I lead the list. Other top musicals are Two on the Aisle, Call Me Madam, and The King and I. Opera lovers can see and hear their favorites at the City Center early this month, and the Metropolitan begins its long season on the 12th.

Some of the interesting conventions and exhibits this month are the Hotel and Restaurant Association at the 71st Regiment Armory.

And still taking us to other lands is Richard Tregaskis, well-known war correspondent, who will be remembered by many as the author of Guadalcanal Diary and its sequel, Invasion D-Day. Recently he set out on a long trip about the world to find out where on earth the Crooks Restaurant, which was called on earthly paradise. After visiting Ball and other Oriental far away places, Europe and America, he discovered one that wasn't overrated or misrepresented. We won't tell you exactly where, but it is significant that the author now lives in Southern California. "Seven Lea", or Paradise," is published by Doubleday.

Richard Tregaskis

BONCOURRIE BUCKS

Here it is close to Thanksgiving once again, and that means turkeys and cranberries and all the trimmings that usher in the nicest time of the year for many of us.

The Pilgrims learned about the cranberry industry became a big business and not infrequently a glimpse of the many wonderful productions at the RCA building, Rockefeller Center.

Here is published by Doubleday.

Thursdays in New York City.

Sports fans can see professional football on Sundays at either Yankee Stadium or the Polo Grounds; the knick- knacks meet for deep basketball games and the Rangers start their hockey season at Madison Square Garden.

And there is every Friday night at the Garden.
