If It's Magic
Stevie Wonder

If it's magic . . .
Then why can't it be
everlasting
Like the sun that always
shines
Like the poets endless
rhyme
Like the galaxies in
time

DR. MORRIS J. GAEBE PRESIDENT

To the Graduating Seniors of Johnson & Wales College in the year 1978

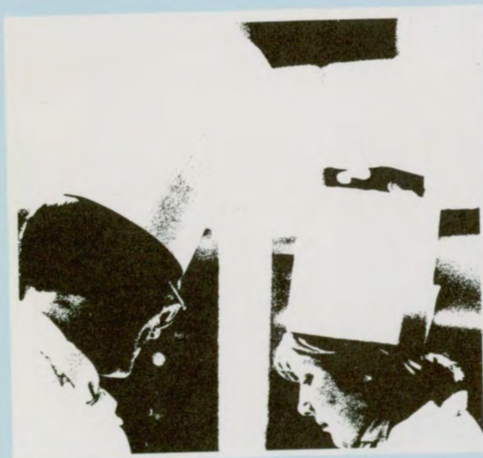

I love to see people graduate from "our" College — yours, mine, the faculty's, and all others associated. I dare to speak for all because I believe we believe the same.

We believe you are prepared and the world needs you to be a better place — a better place for you, for us, and all those here now and to come. You take with you a lot of "Us." We gave it to you because we feel it is good. It didn't hurt us to give it to you — it only makes us proud that you have it. We have faith it has been entrusted to good people. What good are our philosophies and efforts if they are not carried on? The true reward to all who work in education is to feel that we are part of others, and their deeds are part of us.

Graduation — a day to celebrate and a reason to carry on a happy effort!

VICE-PRESIDENT JOHN YENA

If it's pleasing . . .
Then why can't it be never leaving
Like the day that never fails
Like on seashores there are shells
Like the time that always tells

It holds the key to every heart
Throughout the universe
It fills you up without a bite
And quenches every thirst

DEDICATION

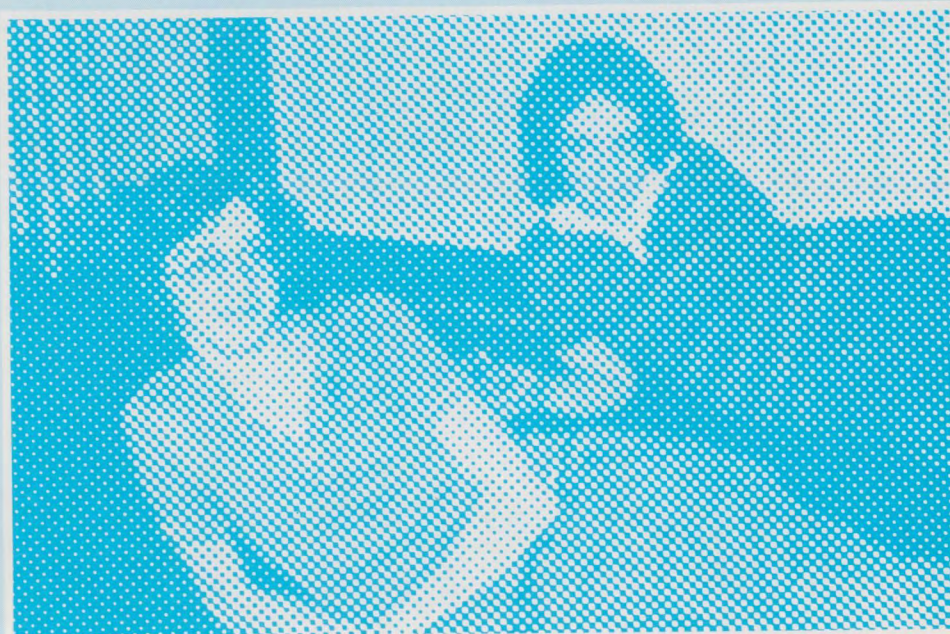

Everyone of us lived through the blizzard of '78. We all got to know each other much better. The students of Stephens Hall got to know Chef Donald Carlson much better. He stayed with us in the dorm for the week that we were stranded here.

It became a community effort to put out brunch and dinner everyday. Under Chef Carlson's instructions and guidance, we learned just how well we could work together.

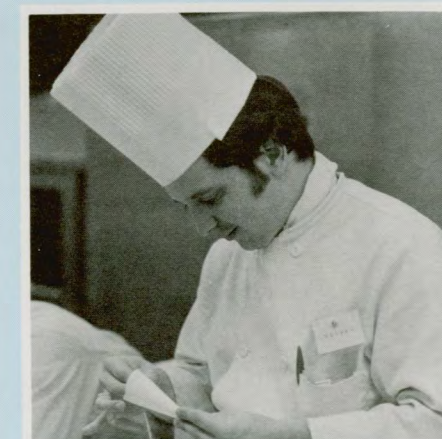

Everyone enjoyed the outcome. We ate well, we learned quite a bit about working together, and co-operation, and his big pots were often used for heating water for a hot bath. For everything, Chef, we thank you. Or, as the people in Stephens Hall say, "Chef, you're a hell of a man."

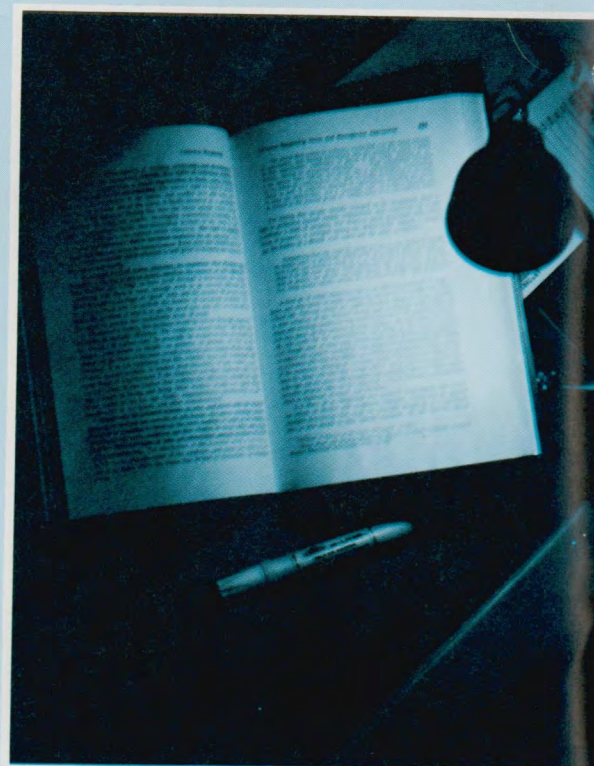

Is it soup yet?

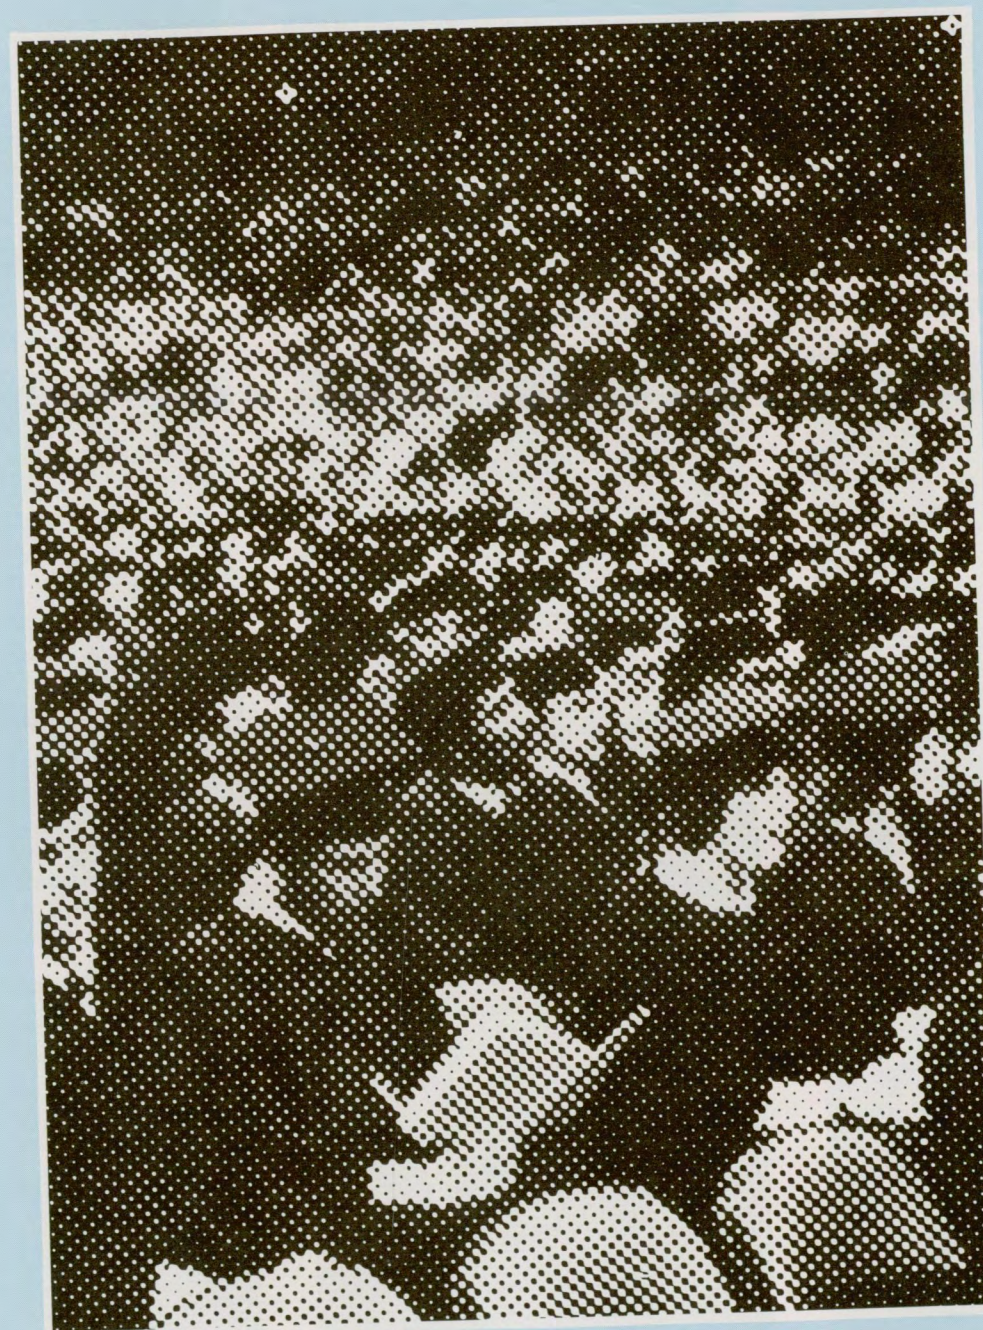

So . . .
If it's special
Then with it why aren't we as careful
As making sure we dress in style
Posing pictures with a smile
Keeping danger from a child

It holds the key to every heart
Throughout the universe
It fills you up without a bite
And quenches every thirst

So . . .
 If it's magic
 Why can't we make it everlasting
 Like the lifetime of the sun
 It will leave no heart undone
 For there's enough for everyone

IN MEMORY

CHEF DAVID JACOBS

Chef David Jacobs came to Johnson & Wales Culinary Art School in August of 1972. With him he brought his knowledge of Culinary Art, and his concern for students.

Chef Jacobs was very interested in the problems the students faced in class, at work, and also personal problems. He was also concerned with the continuing education of one's vocation to the fullest.

Chef Jacobs was regarded highly by the school administration, and faculty. One chef stated "He was dedicated to the school, and always looking out for the best well being of the students. We lost a great man, but his spirit will always be with us."

Chef Jacobs will be missed by all who had known him, for his works, and his concern for all.

SERVICE OF STUDENTS

"No goal is too high if we climb with care and confidence."

Service of Students is an organization of students helping students. By the way of peer counseling, our goal, to help at least one student, was achieved. This year, climbing together to reach our goal we have found the confidence in ourselves to care for our fellow students at J. & W.
