Yes, the scene is Schrafft's. And this is Col. Lemuel Q. Stoopnagle, stopping at Schrafft's after one of his Friday night Quixie Doodle programs on the Mutual network. A Schrafft's ice cream soda inspired one of his famous "Daffynitions" . . . "A straw," said the Colonel, "is stuff you drink sodas through two of them."

The Colonel enjoys his sundaes, too, and along with many patrons is happy to know all sundaes, sodas and fountain drinks are now served at Schrafft's tables at fountain prices.
