How not to get burned
at the steak
(or burger in this case)

Rare...

A classification for gem stones and burgers. We just knock the horns off. Seared and heated, the center is still bright red but no, it ain't raw.

Medium rare...

(ah, these shades of distinction) Rather reddish.

Medium...

A popular size in t-shirts and a burger that takes a moderate line. Burger and grill get more acquainted, still juicy and a little pink at the middle.

Medium well...

(more of those distinct shades) Surrendering the pink.

Well done...

Any performance deserving of an encore and, of course, a burger. No newcomer to the grill, the burger is more worldly, perhaps jaded; the pink of naiveté is gone, still juicy, but we're talking cooked.
