

FEAST ON OUR

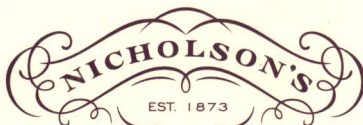

MENU

THE LONDON PUB HAS ALWAYS BEEN AT THE HEART OF THE LONDON PEOPLE and part of London's rich cultural history. From the darker drinking taverns of the 16th Century, to the more elaborate furnishings of the Victorian era, which can still be enjoyed today, all London's pubs have a history shaped by their surroundings and by the flow of life past their doors.

Most can tell a few stories about their origins and about the people that frequented them for entertainment and sociable visits, while others can tell tales of the more sinister characters that darkened their doors.

Whatever went on inside then, Nicholson's aim to preserve and maintain our pub, so that these stories can continue. After all, as long as the pubs are there, the stories and the good times will always remain.
