Hi, I'm Sara, and I am the Owner and Operator of Teddy's Place. The history behind the name of Teddy's Place is complex, yet very heartwarming. Teddy was my brother and dear friend. We were close until the day he died from injuries suffered in a car accident. Losing him was devastating and difficult, but I overcame it and created this restaurant to honor his memory. There is even an entree and an appetizer named after him. Losing a sibling is never easy, but getting something so positive out of something so negative is a great way to express your emotions. Teddy's Place was designed to cater to the average (and not so average) teenager, providing a positive place to hang out and catch a bite to eat. So tell your friends to come on down to Teddy's Place today and enjoy!
