Cafe
Fancy Bakery
Delicacies
and Restaurant.

Announcement.

In presenting you this souvenir, it is not my intention to facilitate any personal motives of my own by displaying any prejudice towards anyone else in this same line of business; but I desire to call your attention to the fact that this is the original

**Henrici Cafe
and Restaurant.**

It was established twenty-six years ago, at 71 State Street, where we were located until the great fire, when we moved temporarily to 215 West Madison Street. Finally we came to our better known location, namely 175-177 East Madison Street, where we remained for twenty years.

Being the pioneer in the business, and finding it necessary to seek more spacious quarters, I succeeded recently in obtaining our present establishment, that for convenience of location and accommodation cannot be excelled.

It has been my intention to make this establishment, where I have been located since July, 1894, one of the most artistic and cozy of places, in keeping with all the progress of modern times. No expense or effort has been spared to place the same before the public as one of the most popular Restaurants and Cafe's in the country.

Being close to all lines of cable cars, our location is accessible to any for all parts of the city, and is within one square of the City Hall and County Court House, and is directly opposite the Schiller Theater.

FANCY BAKERY
Delicacies and Restaurant
108 & 110 RANDOLPH ST
TELEPHONE NO. MAIN 3265.
CHICAGO.

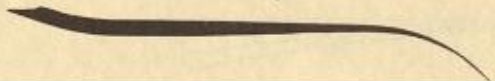

The accompanying illustration gives a general view of our Restaurant, including the cake counter near which you are standing and looking at. The dimensions of the Restaurant proper are 40x165 feet, making a seating capacity for Five Hundred persons. During the day, there are served here, nearly Two Thousand people. Our facilities allow us to respond promptly to all orders, making us fully capable of filling our present and rapidly increasing demands.

GENERAL VIEW OF RESTAURANT.

THE RESTAURANT IS OPEN FROM 7 A. M. TO 8 P. M.....

VIEW OF SMOKING ROOM.

This is a view of our Smoking Room, which is 40x75 feet in size, seating nearly One Hundred people at a time. We have added this particular feature, for the benefit of those patrons who would enjoy a smoke during or after their meal. Considering, to what extent the same is sought, demonstrates the enjoyment evidently derived by those who are aware of its existence.

.....

In furnishing and decorating this establishment, it has been our aim to fit up a place equal to any in this country. All the work was executed and material furnished by firms who are artists in their respective lines. The entire interior decorating was under the supervision of the genial architect, Mr. August Fiedler.

.....

.....

The little illustration on this page represents one of the paintings on the ceiling near the entrance of our Restaurant. All this, with our modern appliances, allows us to say without exaggeration, that this place is "FIT FOR THE FITTEST" and MUST BE SEEN to be appreciated.

.....

DELICACY DEPARTMENT.

Ladies shopping down town, will find the proximity of our place convenient for a cup of good coffee. We have always endeavored to secure this last mentioned patronage, and desire to say that there are no liquors nor intoxicants of any kind to be had in our place.

The following few pages contain our regular Bill of Fare, also our list of Fancy Bakery, Delicacies and other specialties with prices attached thereto.

A new and special feature attached to our place, is our department for fancy meats and delicacies, which allows us to cater to private parties, weddings and receptions at reasonable rates. The large demands of our Restaurant in this line has induced us to open this department of high grade goods, and we invite inspection of the same at any time.

This department is represented here, with a small force at work.

It should not be forgotten that our specialty is, and always has been, Fancy Bakery, Coffees, Teas and Chocolates, which are not alone served in our Cafe, but delivered in any quantity to your homes. Our quality of goods in this line is well known to the public and needs no comments.

In this Souvenir, we have attempted to outline the facilities of our establishment and it has been our aim to make the same not alone valuable in regard to "good eating" and that in the "proper place." but also interesting as well.

In presenting you with the same I desire to call your attention to the following pages of illustrations. Having always been favored by patronage from the City Hall and County Court House, as well as the legal

talent, I have added the following collection of all the mayors this city has had to date, which are reproductions of the only official portraits. These with the other illustrations, I trust, will cause you to give this little book a place on the center table of your home, and occasionally glance over its pages.

To conclude, I desire to thank the generous public for their kind favors in the past, and I will say that my success heretofore will be ample cause for any endeavor on my part to please them in the future.

Our experience in the Milk business dates back for more than 20 years. An important feature of ours is that we transport all our milk in large, strong tin cans, in our special car, coming from the **BEST PRACTICAL DAIRYMEN** in Dundee, Algonquin and vicinity. These dairymen have invested thousands of dollars in springs, milk-houses, barns and utensils in order to insure *Results for Quality*.

The above-named feature, our system of *Storage* and the many other advantages we have in force assures us your patronage if given a *Trial*.
