Highgate Hall
Coffee House

was established in the spring of nineteen twenty-two, and has remained under the same owner-management.

Highgate is noted for its yummy cakes and pastries. These are on sale or may be ordered.

Mary's French Dressing is a delicious specialty of Highgate Hall. Mary, herself, has been with Highgate since it opened and has her own particular knack in preparing this popular product. We frequently have orders from distant points for this item.

Flora Cutler makes the wall decorations. The use of materials in making murals is original with Miss Cutler. With a pair of scissors, a bowl of paste and a basket of materials, she snips and slashes and dabs on the paste and, before long, the picture appears. The murals are changed several times a year, with Santa Claus and his reindeer and snow scenes for the holidays, and gay hunting scenes in the fall.
