

A high-contrast, black and white collage of various sports action shots. In the top left, a baseball player in a cap is swinging a bat. In the top right, a basketball player in a jersey with 'COWBOYS' and the number '24' is jumping for a shot. In the bottom left, a boxer is in a boxing stance with 'EVERLAST' visible on his equipment. In the bottom right, a soccer player is in motion on a field. The background is filled with other smaller, less distinct action shots.

## OUR PHILOSOPHY

### "More Than Great Food . . . It's A Way Of Life!"

Scorecard, the "Ultimate Sports Bar" is not a business — it's a lifestyle we want to share with you.

We recognize the good and positive things that sports represents: Challenge, dedication, responsibility and character-building.

Sports unites communities.

We aim to bring the finest in world-wide sports entertainment to the folks right here at home — via 3 satellite dishes, multiple T.V.'s and big screens — *Every major sports event live!*

But we don't stop there. Our gallery of sports heroes on our walls attests to the multitude of famous teams and personalities who have passed through our doors!

Not only do we encourage their visits to our city, we sponsor local and visiting sports programs and teams.

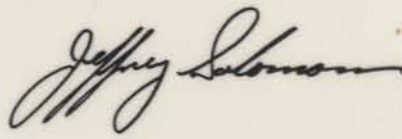

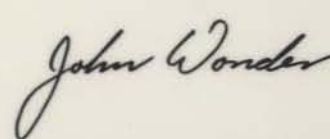

The Scorecard is truly a place for the whole family to share. We ensure that the luxurious atmosphere is conducive and warm.

In striving to provide lunches and dinners of the highest quality, we use only first grade premium products in our kitchen. A fact that even though it may cost us more — it is consistent with our philosophy — our house is your house and you deserve the best!

We endeavor to extend the highest principles to our entire business. After all, the youngsters we employ and train are *your kids!* Our responsibility is to insure an awareness of the highest standards of manners, service and ethics in them. We are committed to sharing our lifestyle with you.

If there is anything we can do to add to your pleasure and comfort, please let us know.

Thank you for being here!

— Jeffrey Solomon & John Wonder

P.S. During the screening of major sports events, service may take longer due to the pressure of large crowds arriving at one time. Please bear with us — we appreciate your business! (And do let us know how our service is.)
