### Who is Cleo?

Cleo Davis worked as a cook for Davis Bros. Travel Plazas for over two decades. She was a very dedicated worker and treated everyone like members of her family!

She believed that hungry travelers deserved a good home-cooked meal and she labored for hours in our kitchen from daylight until dark to ensure that everything tasted just right. Cleo cared about people and would not allow anyone who came into the restaurant to leave hungry. She fed people, money or not...it is this type of hospitality that we believe is just as important today. Treat people with respect and common courtesy! For this reason we honor

Cleo Davis by naming our restaurant in her memory.
